General Information

The NBHWC Board Exam (*Health & Wellness Coach Certifying Examination [HWCCE]*) is a joint program of the National Board for Health & Wellness Coaching (NBHWC) and the National Board of Medical Examiners (NBME).

NBHWC and NBME work collaboratively to implement standards in the field of health & wellness coaching. Those who pass the NBHWC Board Exam earn the credential “National Board Certified Health & Wellness Coach (NBC- HWC).” The NBC-HWC credential enables those who pass the exam to provide evidence of their expertise and quality as competent health & wellness coaches. Further, the credential allows stakeholders such as healthcare professionals, patients, employers, and educators to identify practitioners who have demonstrated the knowledge, skills, and abilities essential to effective health and wellness coaching.

Incorporated in 2017, NBHWC is an independent, not-for-profit organization that supports the worldwide advancement of the field of health and wellness coaching by implementing a standard supported by a certification examination and research.

NBME®

NBME helps health professionals across the care continuum enhance and demonstrate their knowledge—both in school and while practicing. We offer a portfolio of products that include assessment tools for every stage of the medical school journey, high-quality licensing exams, and a range of products and services for health professionals and educators.

STARTING EXAM

Once you begin the test session, you cannot cancel or reschedule that examination. If you experience a computer issue during the test, notify the TCA immediately. The testing software is designed to restart the test at the point that it was interrupted..

The test session ends when you have started and exited all sections or the total test time expires.

In the rare event that a technical problem occurs that does not permit you to complete your examination, you should send a written description of the incident to the NBME at TestAdminServices@nbme.org. Your notification must be received **within 24 hours** of your testing date or it may not be possible to fully investigate your concerns. Your correspondence should include your name, your Candidate ID#, the examination name (NBHWC Board Exam), date of examination, and a detailed description of the difficulty experienced. Please allow at least 15 business days for your report to be investigated and evaluated. You will receive written notification of the investigation results.

SCHEDULED BREAK

There is a scheduled 15-minute break between the two test sections in the NBHWC Board Exam. A “Break” screen will appear when you have completed the first section or if the timing has elapsed for the first test section. If you do not wish to take a break, or if you take less than the time allowed for the break, you can select the “Next” button, which appears on the “Break” screen, to continue to the second section. If you take a break that is longer than the time allowed, the clock for the second section will begin. If you take less than the allotted time to complete the first test section, additional time WILL NOT be added to the second test section.

UNSCHEDULED BREAKS

You are not allowed to take a break during a test section. However, if it becomes necessary to do so (e.g., for a personal emergency), you should click the “Pause” button. Your testing time will continue to elapse while you are on an unscheduled break. You will be directed to select “Cancel” on the screen when you return and are ready to resume testing. The TCAs are instructed to file a report regarding anyone who leaves the testing room during a test section. Each time you leave the testing room, you are required to sign the test center log and present your ID upon your return.

SCORING AND SCORE REPORTING

EXAM SCORING

Scoring for the NBHWC Board Exam is designed to ensure that all NBC-HWC credential holders have demonstrated a minimum level of knowledge consistent with conducting safe and effective health and wellness coaching. This minimum level is based in part on the results of an item-by-item study of the examination by a panel of health and wellness coaching experts.

Steps taken to support reliable and valid testing measures used in the assessment of examinees include:

- Test items in the exam are developed by experts in health and wellness coaching in consultation with editors experienced in high-stakes assessments of health professionals.
- All test material is subjected to rigorous review by subject matter experts for content and clarity.

- Exam items are evaluated using established statistical procedures consistent with best practices to ensure high-quality test results.
- The passing score represents a level of expertise established in a standard setting study by a panel of health and wellness coaching experts.

Candidates who do not pass the examination may retake it in a future exam administration window. Please see the Policy on Retakes and Multiple Attempts section for more information. Reviewing the scoring feedback and using this information as guidance for future self-development is strongly recommended.

1. Candidates who pass the examination and are otherwise eligible will be deemed National Board-Certified Health & Wellness Coaches (NBC-HWC), and will receive an electronic certificate from the National Board for Health & Wellness Coaching within 24 hours of receiving exam results..
2. NBC-HWCs will need to renew their credential by submitting an annual recertification fee of \$75 and by providing evidence of 36 hours of continuing coaching education over a 3-year period. More details on maintaining the credential will be given upon passing the exam.

SCORE REPORTING

Results of the NBHWC Board Exam are anticipated to be available approximately 8 weeks after the close of the test window; however, release of results may take longer for various reasons. When your score is available, you will receive an email notification with instructions for retrieving your score report online.

The scoring process is not expedited or accelerated for any individual or group.

INCOMPLETE SCORES

In order to receive a score, you must open every section of the examination. If you do not open every section, your examination will not be scored.

SCORE VERIFICATION

A change in your score or in your pass/fail outcome based on score verification is an extremely remote possibility. A rigorous process is used to score the exams, including a double-scoring process involving independent scoring systems, to ensure accurate results. However, score

verification will be performed if you submit a request and service fee. The process to submit a score verification request will be outlined when you receive your score feedback report.

SCORE VALIDITY

The performance of examinees is monitored and may be analyzed to detect inconsistencies that raise questions about the validity of scores. The NBHWC Board Exam program reserves the right to cancel scores that are at or above the passing level if the NBHWC Board Exam program has a good faith basis for questioning whether they represent a valid measure of knowledge or competence as sampled by the examination. If there are questions related to the validity of your score, your score report may be delayed, or any further reporting or verification of such scores may be withheld, pending completion of further review and/or investigation. You will have an opportunity to provide information you consider relevant.

After review and analysis of all available information, scores will be classified as valid and will be reported, or scores will be canceled and will not appear on your record. If scores are canceled, you will be advised of the options for retaking the exam.

POLICY ON RETAKES AND MULTIPLE ATTEMPTS

A candidate who has earned a passing score is not eligible to retake the examination.

Candidates who do not earn a passing score can take the NBHWC Board Exam a maximum of three times, including incomplete attempts. All attempts at the examination are counted toward the limit, regardless of when the examinations were taken. For each attempt, you will need to reapply and pay the full fees. If you have not passed the examination after three attempts, you will be required to obtain additional training from an NBHWC Approved Program prior to being deemed eligible to take the exam again.

Please contact NBHWC with questions on this policy.

REPORTING TO THIRD PARTIES

To avoid misinterpretation and to protect your privacy, neither NBHWC nor NBME provides scores or outcomes by telephone, email, or fax to anyone.

USE OF EXAMINATION DATA

To ensure the integrity, security, fairness, and effectiveness of the NBHWC Board Exam, NBME and/or NBHWC analyze data submitted by you and on your behalf in conjunction with the Examination. The examination data submitted by you and on your behalf in connection with the Examination may be used by NBME and/or NBHWC for conducting research and for other purposes consistent with their respective Privacy Notices.

When you create your candidate account and register for the NBHWC Board Exam, you must indicate whether or not your examination data (including performance information and demographic information) from the NBHWC Board Exam may be used by the NBHWC Board Exam program, or made available to third parties, for research intended for publication. In all instances, the data will be confidential and individual examinees will not be identified in any publication. If, at any time, you decide you would like to opt out from your examination data being used for research intended for publication, please indicate your preference by emailing **support@nbme.org**. Note that even if you do not wish your examination data to be used for research intended for publication, the NBHWC Board Exam program may continue to use examination data to ensure the integrity, security, and fairness of our exams.

SECURITY AND INTEGRITY OF THE NBHWC BOARD EXAM

EXAMINEE RESPONSIBILITIES

If you reproduce and/or distribute examination materials, by any means including but not limited to reconstruction through memorization, without the express written consent of NBHWC and NBME, you are in violation of the rights of the owners. Every legal means available to protect NBHWC/NBME examination materials and secure redress against those who violate copyright law may be pursued. The NBHWC Board Exam program reserves the right to take all action — including but not limited to barring you from future testing and/or withholding or cancelling your scores — for failure to comply with test administration regulations or the test administrator's directions. If your scores are canceled, they will not be reported, and your exam fees will not be refunded.
